# ***SCHOOL ACADEMIC POLICIES AND PROCEDURES***

## ***ATTENDANCE POLICY:***

Students are expected to be in class for the prescribed number of hours for which they have enrolled. All students must be present for at least 90% of scheduled hours in order to graduate, except for programs that are mandated and that the student must attend 100% of the scheduled hours. Such programs are clearly stated on the enrollment agreement. Continuous absences, which, in the opinion of the faculty and administration, hinder educational objectives and result in unsatisfactory achievement which may lead to termination of the student's enrollment. Absences for acceptable personal or medical reasons will not lead to termination although the student's projected date of graduation may have to be revised. Excessive lateness and leaving early will be counted as absences. Access Careers attendance policy is based on a percentage of course hours attended. Poor attendance, tardiness, or early departure can substantially affect the student's ability to master the knowledge and skill objectives for satisfactory completion of the course. Consistent absence will affect the final grade thereby affecting the cumulative grade point average and putting the student at risk of falling below satisfactory progress standards. In addition to affecting the professionalism grade, there are also absolute limits for failing to attend. An absence accompanied by the documentation listed below may be considered excused and is not required to be made up for the course. Excused absences may not exceed 10% of the total course hours. All absences beyond the first 10% are considered unexcused regardless of reason or documentation. Since successful completion of Internship/externship requires completion of all assigned hours, all time absent from the scheduled Internship/externship hours must be made-up and 100% of internship/externship hours must be attended.

The following documented absences will be considered on appeal for excused absences in calculating final course "module" attendance:

- Mandated legal appointment
- Court appearance with subpoena provided
- Probation appointment with a letter from probation officer provided
- Jury duty with summons provided
- Military duty with a copy of orders provided
- Illness (self or family) with doctor's note containing an original signature. Students should understand that non-illness appointments (preventive visits, follow-ups, well-baby, etc) are typically expected by employers to be made outside of work hours and therefore Access Careers suggests the student do the same while in school
- Agency caseworker appointment with a letter from caseworker
- Bereavement accompanied with an obituary or death certificate

Permission to make-up time is determined in consultation with the instructor with final approval from the Director. Any further incidents of missed class will result in failure of the course. In rare cases, instructors may recommend additional make-up work or passing a student who has failed to meet the attendance requirement if there are extenuating circumstances involved and the student otherwise meets the academic requirements for passing the course. The School Director must agree to the exception. Good attendance and timeliness are important workplace skills and are crucial to educational programs with a strong hands-on, practical component. Students are made aware of these policies at orientation and on the first day of all classes.

Late arrival, early departure and lateness returning from breaks are also incorporated into the cumulative absence and can result in a possible course failure. Tardiness or leaving class prior to dismissal will result in that time being considered absent to the nearest quarter-hour following the lateness or the preceding quarter-hour for leaving early. Continued lack of attendance may result in further disciplinary action including suspension or dismissal as a violation of the school's standards of conduct. The Director of Education and School President will make the dismissal decision based upon recommendations from the instructor and department chair.

Students who are absent 14 consecutive calendar days in any course will be considered to have withdrawn from the course unless the student has contacted the school during this period of absence to indicate their intention to return.

## **MARKING PERIODS & GRADES:**

Access Careers conducts classes on going basis, with the exception of the holidays listed in the catalog. The course description section of the catalog gives the length of the program and distinguishes whether a course is a short-term program or is on a term basis. Final grades are given and permanently recorded at the end of a program or at the end of a term of a program. Every student will be given a Grade Report Card showing the final grades for each subject taken. Written examinations (midterm/final), seminars, quizzes, Class participation and practical training help evaluate the competencies taught in the programs offered at Access Careers. Failure is set at 65% for an individual unit, and 70% for a curriculum. Students who have not failed the program/course may participate in private tutoring or independent study in order to increase their grade point average.

## **ACADEMIC REVIEW POLICY FOR ALL STUDENTS IN A 900 HOUR PROGRAM:**

The Registrar will review all students enrolled in a 900 hour program at the end of the first month. If the student falls below 70% GPA or if they have missed more than 10% of the scheduled hours the student will be notified in writing.

## **MAKE-UP WORK:**

Classroom work missed because of an absence can be made up through arrangement with the Instructor and the Registrar or School Director. The student is responsible for initiating any request to make up work missed because of class absence. Make-up work, however, does not remove an absence. Absences exceeding more than 10% of instructional hours, within that module, must be made up in supervised work, documented by faculty / instructor in order for the student to receive credit. Makeup hours must be completed prior to the completion of the module that the absence was recorded in. Failure to make up the missed hours of attendance in the mandatory time frame may result in a negative impact on the student's financial aid and may extend the student's graduation date or lower your attendance grade. Attendance at make-up sessions will be permanently recorded in the student's attendance ledger which is maintained by the instructor.

## **DRESS CODE POLICY:**

While attending classes at Access Careers, students are required to dress in a proper manner. Students who violate the dress or behavior code will not be permitted to attend or remain in the class, laboratory or clinical experience and an absence will be recorded.

- Healthcare Programs: All students are required to wear seal blue scrubs with the school logo.
- Other Programs: All students are required to wear dress in a proper manner.
- Students are not permitted to wear shorts, torn, dirty or inappropriate clothing.

## **DEVICE POLICY:**

Personal, on-campus use of audio and image recording equipment must have the written authorization of the School Director. In addition, it is required that any authorized person secure the approval of the person they are recording prior to use of the device(s). The equipment/device(s) include, but are not limited to: cell phone cameras/audio recorder, digital/still/motion picture/video cameras, analog and digital tape recorders, solid state digital recording devices or any device capable of recording sound and/or image. Use of audio and image recording devices for personal use without authorization are considered intrusions to academic, management, and student communities. Violation of this policy may be cause for disciplinary action up to and including dismissal from school and/or criminal record.

## **DRUG ABUSE POLICY:**

It is the policy of Access Careers that any person found to be in possession of, under the influence of, using, selling, offering for sale, or trading drugs or alcohol (whether or not for monetary gain) on our campus may be subject to disciplinary action up to and including dismissal from school. Access Careers has a Drug and Alcohol Prevention Program which can be viewed on our website: [www.accesscareers.net](http://www.accesscareers.net).

## **STUDENT ETHICS:**

Students must observe ethical standards both academically and professionally. Cheating, plagiarism or promoting another's work as your own is strictly forbidden. Observation of all copyright laws is required. Unauthorized access to computer information or to private computer systems is unacceptable. Generally accepted rules of Internet etiquette are part of the professional demeanor expected of students at Access Careers. Failure to observe these standards will result in disciplinary action up to and including dismissal from school. Students are expected to conduct themselves with due regard for the rights of others and in particular, that their behavior will not interfere with the ability of Access Careers to carry out its academic functions. Breaches of discipline may result in disciplinary action, including suspension or dismissal.

## **ACADEMIC CONDUCT:**

A student must conduct themselves in a professional manner at all times. There is absolutely no profanity allowed at any time, or any place on or near the school premises. A student may not verbally or physically threaten, or commit violent act(s) or crime(s) against any person, be they instructor, student, employee, or visitor. Based on the circumstances of the situation of misconduct, a student will either;

- Be asked to leave the school for a day
- Placed on probation for a term or be dismissed permanently by the school.

### **The following are unacceptable and will not be tolerated:**

- All forms of bias including race, religion, ethnicity, gender, disability, national origin and creed as demonstrated through verbal, written communication and physical acts. Sexual harassment including hostile environment and quid pro quo (forcing an individual to perform sexual favors in return for something).
- All types of dishonesty, including cheating, plagiarism, knowingly furnishing false information to the institution and forgery alteration or use of institution documents of identification with intent to defraud.
- Intentional disruption or obstruction of teaching, research, administration, disciplinary proceedings, public meeting and programs, or other than school activities.
- Physical abuse of any person on school premises or at functions sponsored or supervised by the school.
- Theft or damage to the school premises or damage to the property of a member of the school community on the school premises.
- Failure to comply with directions of institutional officials acting in the performance of their duties.
- Violation of the law on school premises in a way that affects the school community's pursuit of its proper educational objectives. This includes, but is not limited to the use of alcoholic beverages and/or controlled dangerous substances on school premises.
- No Smoking / No Drugs / Drinking alcoholic beverages in premises.

In cases of violent acts or crimes committed, The Access Careers has the right to pursue and prosecute the student(s) and or person(s) involved, to the fullest extent of the law. A student/person, who is asked to leave the premises of the school and refuses to do so voluntarily, will be escorted off the premises by Police. The Access Careers will apply these methods to ensure safety for everyone and to create an atmosphere where education is the primary goal. Academic dismissal will be based on student's academic progress and attendance as described under attendance, conduct, and probation policies.

A student who is been dismissed has the right to appeal to the School Director, if they feel that their situation merits individual attention due to unusual circumstances that contributed to their failure of a program/ course. The student must write to the School Director stating the reason for the appeal. The letter must state;

- The unusual circumstances the student feels caused the failure, and
- What they have done or plan to do to alleviate the problems they have had in academic performance.

The School Director may request additional information or documentation in support of the student's request. The performance of a student appealing an academic dismissal is been reviewed by the Academic Board. The academic Board is composed of the student's instructor, a senior faculty member and the School Director. Every area of the student's performance is been explored, and a decision concerning the request is made at the end of the review. The Academic Board has the final decision on student performance issues and may implement conditions for the student's continuation in the program/course.

## **INTERNSHIP/EXTERNSHIP POLICY**

Several programs at Access Careers require completion of an internship/externship. Students are required to complete 100% of their clinical hours. During the internship/externship, students apply their knowledge and skills in an actual work setting while under the supervision of qualified personnel. Internship/externship hours are arranged according to the needs of the internship/externship sites and students are responsible for adjusting their schedules to the availability of internship/externship hours. Most sites require daytime schedules. Students are required to complete a physical and may be subjected to a background check as a condition of their internship/externship and should have satisfied all of those requirements by the completion of the classroom portion of the program. Although these requirements are covered, in detail, during the Admissions process and in the publication Rules and Regulations, students are encouraged to consult with their instructors or school administrators to double check that they have met all such requirements before being offered an internship/externship. The institution expects students to successfully complete these requirements timely so that these requirements do not impact their ability to accept the internship/externship offer. Students who are accepted into the program but then cannot meet all requirements for any reason will not be eligible for an internship/externship offer and will be withdrawn from the program until they are able to satisfy the requirements. Upon completion of the necessary requirements, the student may appeal for re-entry into their program.

**Internship/externship Assignment** Students must arrange travel to their internship/externship assignment(s). In addition, based on clinical site availability or program requirements, students may be required to complete their internship/externship at more than one clinical site. Students who studied in the evening session must be prepared to attend internship/externship(s) during the day, and all students must make arrangements to meet site scheduling requirements. Students may petition the school to use a site they have located on their own, but the site will only be approved following a visit from school personnel and the execution of an internship/externship contract. Students are required to submit weekly time sheets signed by the site supervisor reflecting the hours they have completed. All internship/externship hours must be successfully completed before a student can officially graduate from their program in which he/she is enrolled. Should a student refuse their first internship/externship site offer, for a reason which is acceptable to the School's Internship/externship Coordinator, or Director, a second internship/externship site may be located and offered to the student. If the student refuses the second internship/externship site the student may be dismissed from their program. Should a student abandon a site, or be terminated by their site, Access Careers will not be obligated to locate and offer another internship/externship site for the student, and may result in dismissal from their program. It is expected and required that students will behave professionally and attend as required by their internship/externship site.

## **CAMPUS SECURITY:**

To comply with New York State regulations, Access Careers provides students, faculty and staff with information regarding sexual assault prevention, the legal consequences of sex offenses, the availability of counseling and support services, and the school's policies and security procedures.

The entrance to the campus building is always locked and students need to be buzzed in. Students are asked not to stay in the building except during the hours of the school's operation.

These hours are as follows:

Monday through Thursday from 10:00 am to 9:30 pm

Friday through Sunday from 9:00 am to 5:00 pm.

Access Careers has a recorded video surveillance camera system and can be viewed at any time/anywhere by management.

Access to all facilities including offices, classrooms, lounges, and libraries is by key only when classes are not in session. Students are asked to remain in their classrooms or in the lounge areas during class breaks. A member of the administrative staff must accompany prospective students when they tour the school. Strangers are not permitted to loiter in any area of the school. Students, faculty and staff are asked to notify the administration immediately if they see a suspicious person or activity at any time.

## **LEAVE OF ABSENCE:**

Students requesting a Leave of Absence (LOA), must do so in writing, in advance, using the LOA Request Form. LOA's may not exceed 180 days in length within any 12-month period for any reason. Each request will be evaluated on an individual basis. Students must be in good academic standing to be eligible to apply for a Leave of Absence. Students must be current on their monthly payment plan, as appropriate, and continue making any regularly scheduled tuition payments during the time that they are on an approved Leave of Absence. In all cases, appropriate documentation justifying the LOA will be required. Students must complete an exit interview with the Financial Aid department prior to starting their approved LOA and will not accrue any additional charges while on LOA. A student returning from LOA must be evaluated by the Director before returning and will only be allowed to return to the program at the beginning of the module. Students who do not return from the LOA on the scheduled return date indicated on the LOA Request Form will be automatically withdrawn from the school effective that date and will be charged as outlined in the refund policy described in the school catalog and Enrollment Agreement.

## **WITHDRAWAL & DISMISSAL FROM SCHOOL:**

The school reserves the right to terminate a student for any of the following reasons:

- Unlawful possession, use or distribution of firearms, drugs or alcohol on school property is strictly prohibited. Any student caught may be subject to sanctions under local, state, and federal law.
- Unsatisfactory progress due to attendance or academic grades which does not meet the school requirements
- Unsatisfactory behavior
- Noncompliance with rules & regulations of the institution
- Tuition Delinquency or Financial obligations are not maintained
- Verbal or physical abuse of faculty, staff, or another student.
- Verbal or physical abuse or actions contrary to the objectives of the school including in subordination toward faculty or staff; intimidation of students, staff, or others who may be in or near the school, retribution for real or imagined injury, the use of intoxicating liquor or illegal drugs, malicious destruction of school or student property, stealing or any other act of this nature.
- School standards of ethics or dress are not observed.
- Any student who involves a third party in an act of intimidation or retribution will be immediately terminated.

In such an event, Access Careers will inform the student in writing of the effective date of expulsion. Tuition that results in an overpayment will be refunded within 30 days. If a student withdraws before a module ends without appropriate documentation, then all work done during that module is lost. Course credit and grades are given only for completed modules. The failure of a student to notify the director in writing of withdrawal may delay refund of tuition due pursuant to Section 5002 of the Education Law.

Dismissed students who request re-admittance will be considered on a case-by-case basis. Previous attendance, academic performance, financial history, and general attitude will be considered. Please see director for the appeals process.

## **REINSTATEMENT:**

A prior student requesting to be reinstated as an active student, based on whatever reasons or circumstances, should do so in writing. Supportive documentation and/or information concerning any mitigating circumstances should be noted in the request. The requesting prior student shall be notified of the Reinstatement Review within 5 days for short programs and 30 days for long program following the decision of School Director.

## **MITIGATING CIRCUMSTANCES:**

If a student fails to achieve satisfactory progress for a program, the student may appeal. The School Director may waive the Standards of Satisfactory Progress for circumstances of personal illness, unusual family responsibilities, military service, or other significant occurrence outside the control of the student for an additional period. These circumstances must be documented by the student to demonstrate that the cited circumstances have had an adverse impact on their performance. No waivers will be provided for graduation requirements. Students are advised to refer to the section of the catalog concerning appeals for more information on the process. The Director of the school will inform the student in writing as to the decision.

## ***SATISFACTORY ACADEMIC PROGRESS (SAP)***

### ***PROCESS AND OVERVIEW:***

All students enrolled at Access Careers must be in good academic standing and must maintain satisfactory progress toward graduation. A student must maintain a specific grade point average, good attendance, and precede through his/her program of study in a specified time frame not to exceed 1.5 times the published length of the program. In order to continue as a student at Access Careers and in order to continue receiving financial assistance, it is required that students make SAP toward completion of their program of study. All students must maintain SAP according to the following standards in order to continue enrollment. For students who have been awarded Financial Aid, SAP is measured at the end of each payment period, and will be checked prior to disbursement of aid. For all Non-Financial Aid Students SAP will be measured at the end of the marking period. At that time the Registrar will determine the Satisfactory Academic Progress of each student in accordance with the following:

- Any student who is absent more than 10% of the total number of instructional hours offered during each marking period of the student's program, excluding approved leaves of absence shall be dismissed or placed on academic probation.
- Any student who fails to meet a cumulative average of 70% for the curriculum or course, regardless of attendance, shall be dismissed or placed on academic probation.

### ***TIME / PACE MEASURE OF SATISFACTORY ACADEMIC PROGRESS (SAP):***

The school's satisfactory academic progress policies must contain a Pace measure. The policy defines the pace that our students must progress to ensure educational program completion within the maximum timeframe of 150%. For clock hour schools, the maximum time frame is no longer than 150% of the published length of the educational program as measured in the cumulative number of clock hours the student is required to complete. To calculate pace take the cumulative number of hours the student successfully completed divided by the cumulative number of hours the student attempted.

For Example:

Program	Normal Program Timeframe	Maximum Program Timeframe
Medical Assistant Day Program	30 weeks	45 weeks
Medical Assistant Day Program	36 weeks	54 weeks

For our 900 clock hour program, at the end of the second (2nd) payment period which is at 450 Scheduled Hours, the student will have to have completed a minimum of 300 hours in order to determine if they will be able to complete the program in the 150% time frame allotment. This evaluation will be determined by dividing 300, which is the number of hours completed by 450 which is then number of hours scheduled. This percentage has to be over 67%. Any percentage over 67% the student could be able to complete the program within 150% of the time allotted for the program. So the student is making satisfactory pace progress. Students who have failed to meet the pace standards will be terminated from the program. Determination and notification of Time/Pace progress will be determined by the school Registrar, who in turn will notify the Financial Aid Administrator.

### ***QUALITATIVE MEASURE OF SATISFACTORY ACADEMIC PROGRESS (SAP):***

Access Careers receives quantitative information about all students from the Instructors. The quantitative academic progress report is recorded manually by the instructor and then entered into the electronic database by the Registrar at the end of each course or module.

## GRADING SYSTEM

Written examinations (midterm/final), seminars, quizzes, Class participation and practical training help evaluate the competencies taught in the programs offered at Access Careers. Failure is set at 65% for an individual unit, and 70% for a curriculum. Students who have not failed the program/course may participate in private tutoring or independent study in order to increase their grade point average.

### Grading System

Letter Equivalent	Grading Scale
A	91-100%
B	81-90%
C	71-80%
D	70-66%
F	0-65%

***\*Please note that to graduate from a Program/Curriculum you must achieve 70% or higher.***

***\*\*At the end of the first payment period (450 hours) all Title IV Students must achieve and or maintain a 70% grade point average***

## GRADES

Courses with grades of “I” (Incomplete) or “F” (Fail) will be considered as part of scheduled clock hours and will be calculated in the students attempted but not completed hours. Incomplete or Failed courses do not influence the GPA until they are completed. Courses assigned the letter grade of “I” or “F” are counted in the maximum timeframe calculation.

- Incomplete courses must be completed within 7 calendar days of the course end date or the grade posted for the course will be calculated with the incomplete work having zero value grades.
- Failed courses must be repeated in order to successfully complete the course/module. Repeated Courses Classes for which the student received a failure grade may be repeated one time. Repeated course work may change a student’s cumulative grade point average since the most recent grade received for a course will be used in this calculation. Repeated course work will be counted toward the number of clock hours attempted by a student for calculating cumulative maximum time frame. The Registrar will notify the student of any incomplete or failed courses/modules. The Director may extend this time limit at their discretion upon receipt of a written appeal by the student.

## SAP EVALUATIONS INCREMENTS FOR TITLE IV STUDENTS ONLY:

The Registrar will monitor SAP at the end of the first payment period. The Financial Aid Administrator will do an official review (i.e., for Title IV/SAP purposes) at the end of the payment period (450 hours.)

### ***FINANCIAL AID WARNING FOR TITLE IV STUDENTS ONLY:***

The Registrar will do an official review of SAP at the end of the first payment period (450 hours). If the student falls below 70% GPA or if they have missed more than 10% of the scheduled hours the student will be placed on Financial Aid Warning for one payment period. A student who is put on a Financial Aid Warning can receive Title IV aid for the current payment period. If they are still not meeting SAP at the end of the Warning period, the student would become ineligible for financial aid and would have to appeal. If the appeal was granted, the student will be placed on Financial Aid Probation.

### ***FINANCIAL AID PROBATION FOR TITLE IV STUDENTS ONLY:***

If the student does not make SAP at the end of the Financial Aid Warning period, they will lose their financial aid eligibility. The student has the opportunity to have their financial aid eligibility reinstated by appealing the decision.

An Academic Plan-of-Action for students who have failed to meet SAP standards as defined by the Department of Education will be established by the school and the student. Financial Aid SAP eligibility is not the same as Academic probation. Access Careers will work with the student to develop a planned curriculum to ensure that s/he has a realistic academic plan and that the coursework listed is required for the student's declared program. Once this Academic Plan-Of-Action is developed and agreed upon, it will be signed and dated by the Director or Registrar at the school and the student.

### ***STUDENT APPEAL PROCEDURES:***

A student, who wished to appeal a disciplinary action and/or decision made in reference to the Satisfactory Academic Progress policy, must submit a typed letter to the Director within five (5) days from the date of the decision was made. This letter must contain information about the student's reason regarding the action and/or decision and reasons why the student is wishing to appeal. Students must provide supportive documentation along with their letter in order to support their position and any mitigating circumstances that may have existed. The Director will hear any student who disagrees with a SAP decision, on an appointment basis only. The student will be notified of the Directors decision within fifteen (15) business days following the receipt of the student's appeal letter, additional time may be taken to thoroughly review student's appeal. A student, who wishes to appeal any SAP decision made by the Director, must submit a typed letter to the President with supportive documentation explaining the reason why the student is wishing to appeal the decision. The President will notify the student within fifteen (15) business days of the receipt of the letter, additional time may be taken to thoroughly review student's appeal. The President's decision shall be final.

# ***REFUND POLICY AND CANCELLATION POLICY***

## ***CANCELLATIONS AND REFUND POLICIES:***

The institution's policy on refund is appropriate according to standards. These standards measure equivalent in the state's standards, which we are following. Students must read and sign an agreement prior to registration. The Institution's refund policy is published in the catalog and uniformly administered:

- The non-refundable application fee will be refunded in full if the school rejects the applicant. If the applicant cancels his/her application within seven (7) calendar days of signing the application for admissions all monies will be refunded without written request from the candidate except the non-refundable fee that does not exceed more than \$ 100.00.
- Students may cancel the Enrollment Agreement at any time prior to the start of classes,
- All payments made to the school will be refunded in full within 30 days except for the nonrefundable application fee if written notice has been provided to the school by the student or from the date the institute may terminate the student or determine withdrawal by the students.
- The School reserves the right to reject any applicant for admission. In such cases, all monies received will be returned to the applicant.
- All monies to be refunded shall be returned in the form of a corporate check. If tuition was paid through a Loan Program, monies will be refunded directly to the issuing loan institution. No exceptions will be solicited under any circumstances.
- Access Careers reserves the right to request the withdrawal of any student if his or her scholarship or conduct does not conform to the standards of the school.
- Placement assistance is offered to all graduates upon completion. However, while placement assistance services may be provided it is understood that the school cannot promise or guarantee employment to any student or graduate.
- Upon successful completion of the selected course and satisfaction of all monetary obligations, Access Careers will award a Diploma / Certificate of Completion.
- All class time in excess of the 10% allowed absences for the entire course will be charged an hourly rate according to the contract signed.
- All refunds to students will be made without the need for the students to request the refund.
- If tuition and fees are collected prior to the start date of a program and the school cancels the class, 100% of the tuition and fees collected will be refunded. The refund shall be made within 30 days of the planned start date.

An applicant may cancel this agreement at no penalty by notifying the school in writing within seven (7) calendar days after midnight of the day on which this agreement was signed provided the applicant has not entered into instruction. All moneys will be returned except for the non-refundable fee. The non-refundable registration fee will not exceed \$100.00 for any given program. Thereafter a student will be liable for: Non refundable registration fee plus, the cost of any textbooks or supplies issued and accepted by the student, plus Tuition liability as of the student's last date of physical attendance. Total Tuition liability is limited to the one quarter in which the student withdrew or was terminated.

## ***RETURN OF TITLE IV FUNDS***

In accordance with the Higher Education Amendments of 1998, Public Law 105-244 (the Amendments of 1998) the amount of Title IV Program Assistance earned is based on the amount of time the student spends in academic attendance and bears no relationship to the student's incurred institutional charges.

If a student formally or informally withdraws prior to completion of his or her program of study, federal law requires the school to determine how much Title IV federal financial aid was earned by the student and whether any portion of aid awarded must be returned by the student and the school. If you withdraw or plan to withdraw, you should notify your career advisor.

Access Careers will calculate the amount of Title IV aid that you have earned based on a payment period. Refunds will continue to be calculated by the enrollment period. The student will be obligated for any tuition, fees, books, or equipment not covered by Title IV funds. Whether a student is entitled to a refund of funds paid from sources other than Title IV aid is determined by the point in the enrollment period at which the student withdraws or drops out.

When you withdraw during a payment period, the amount of FA assistance that you have earned up to that point is determined by a specific formula. If you have received (or the school received on your behalf) less assistance than the amount that you earned for the payment period, you will be able to receive those additional funds. If you have received more assistance than you have earned, the excess funds must be returned.

### ***DETERMINATION OF WITHDRAWAL:***

Up through the 60% attendance point in each payment period or period of enrollment, a pro rata schedule is used to determine the amount of Title IV funds the student has earned at the time of withdrawal. After the 60% point in the payment period or period of enrollment has been attained, a student has earned 100% of the Title IV funds.

Once Access Careers has determined that a student has withdrawn, the last day of recorded attendance or academically related activity, is used to determine the amount of Title IV funds the student has earned. If a student who provides official notification in writing to the Registrar, the date of Access determination would be the same as the student's written notification. For a student who withdraws without providing official notification to the school, Access will determine the withdrawal date no later than after 14 calendar days of non-attendance. The amount of Title IV funds earned by the student will be based on the last day of recorded attendance.

Access Careers will return the amount of Title IV funds for which it is responsible no later than 45 calendar days after the date of determination of withdrawal. Post withdrawal disbursement of Grant Funds disbursed directly to the student ASAP, but no later than 45 calendar days after date of determination.

The change to the law makes clear that Title IV funds are awarded to a student under the assumption that the student will attend school for the entire period for which the financial assistance was awarded. If a student withdraws, the student may no longer be eligible for the full amount of Title IV funds that the student was originally awarded to receive. Withdrawn student may return to same program within 180 calendar days. Student eligible for any Title IV funds for which eligible prior to withdrawal.

In accordance with Federal regulations, Title IV funds will be returned using the following allocation priority:

- ❖ Unsubsidized Federal Direct Loans
- ❖ Subsidized Federal Direct Loans
- ❖ Federal Direct PLUS Loans
- ❖ Federal Pell Grants
- ❖ Federal Supplement Educational Opportunity Grant
- ❖ Other Title IV assistance
- ❖ State Tuition Assistance Grants (if applicable)
- ❖ Private and institutional aid
- ❖ The student

## **NEW YORK STATE CANCELLATION AND REFUND POLICIES:**

1. A student who cancels after signing the enrollment agreement receives all funds paid with the exception of the non-refundable registration fee which cannot exceed \$100, provided it is done prior to or during the first week of instruction.

2. Thereafter, a student will be liable for:

- a) The non-refundable registration fee plus
- b) The cost of any textbooks or supplies accepted plus
- c) Tuition liability as of the student's last date of physical attendance.

Tuition liability is divided by the number of terms or quarters in the program. Total tuition liability is limited to the term or quarter during which the student withdrew or was terminated and any previous terms completed.

The enrollment agreement will state the exact refund policy for the program enrolled.
