First day of the class an orientation will be given to all new students. The purpose of the orientation is to acquaint the student With the goals of the school, its rules, regulations and the objectives of their course of study. School will also provide Health, Safety (OSHA) and Fire Prevention training.

EXTERNSHIP POLICY

Several programs at Access Careers require completion of an externship. During the externship, students apply their knowledge and skills in an actual work setting while under the supervision of qualified personnel. Externship hours are arranged according to the needs of the externship sites and students are responsible for adjusting their schedules to the availability of externship hours. Most sites require daytime schedules. Students are required to complete medical and background checks as a condition of their externship and should have satisfied all of those requirements by the completion of the classroom portion of the program. Although these requirements are covered, in detail, during the Admissions process and in the publication Rules and Regulations, students are encouraged to consult with their instructors or school administrators to double check that they have met all such requirements before being offered an externship. The institution expects students to successfully complete these requirements timely so that these requirements do not impact their ability to accept the externship offer. Students who are accepted into the program but then cannot meet all requirements for any reason (for example, they fail a second background check, where required) will not be eligible for an externship offer and will be withdrawn from the program until they are able to satisfy the requirements. Upon completion of the necessary requirements, the student may appeal for re-entry into their program.

Externship Assignment Students must arrange travel to their externship assignment(s). In addition, based on clinical site availability or program requirements, students may be required to complete their externship at more than one clinical site. Students who studied in the evening session must be prepared to attend externship(s) during the day, and all students must make arrangements to meet site scheduling requirements. Students may petition the school to use a site they have located on their own, but the site will only be approved following a visit from school personnel and the execution of an externship contract. Students are required to submit weekly time sheets signed by the site supervisor reflecting the hours they have completed. All externship hours must be successfully completed before a student can officially graduate from their program in which he/she is enrolled.

Should a student refuse their first externship site offer, for a reason which is acceptable to the School's Externship Coordinator, or Director of Education, a second externship site may be located and offered to the student. If the student refuses the second externship site the student may be dismissed from their program. Should a student abandon a site, or be terminated by their site, Star Career Academy will not be obligated to locate and offer another externship site for the student, and may result in dismissal from their program. It is expected and required that students will behave professionally and attend as required by their externship site.

RE-ENTRY STUDENTS

Former students who wish to return to school must complete a request for reinstatement and have their record reviewed by the Campus President or Director of Education for approval. Students who previously failed the same course twice are not permitted to re-enter. Placement in class is determined through an evaluation conducted by the program chair or Director of Education. Remaining tuition charges will be determined accordingly. Re-entry is also subject to class space availability. Students who wish to return to school whose last date of attendance is more than 365 days earlier must complete an Admission Application in order to begin the re-entry process.

TRANSFER CREDIT /ADVANCED STANDING

At the discretion of the School Director, advanced standing may be given for prior education. Students will be required to provide an appropriate transcript. Advanced standing approval must be given prior to enrollment. Access Careers does not permit currently enrolled students to transfer between classes. If a student wants to transfer to another program they must enroll as a new student. Any tuition paid to the school is non-transferrable.

Transfer of credit from other institutes:

To ensure that our students graduate with the high quality of training skills necessary to achieve success in the today's workplace we will give recognition for previous training. Student's wishing to receive recognition for previous training must show proof of previous training. The student should hold minimum of "C" grade in the course for which he/she is willing to obtain credit. If below "C" grade student has to repeat the coursework again. Official transcript of any previous education and official catalog with course descriptions must be submitted from the previous school. Applicants must allow sufficient time to process requests in order to get credit for the courses. Note: The use of the word "credit" does not apply to college credits, but rather to recognition for previous course work.

FINANCIAL AID / TUITION INFORMATION

TUITION AND METHOD OF PAYMENT:

ACADEMIC POLICIES AND PROCEDURES

ATTENDANCE POLICY:

Students are expected to be in class for the prescribed number of hours for which they have enrolled. All students must be present for at least 80% of scheduled hours in order to graduate. Continuous absences, which, in the opinion of the faculty and administration, hinder educational objectives and result in unsatisfactory achievement which may lead to termination of the student's enrollment. Absences for acceptable personal or medical reasons will not lead to termination although the student's projected date of graduation may have to be revised. Excessive lateness and leaving early will be counted as absences. Access Careers attendance policy is based on a percentage of course hours attended. Poor attendance, tardiness, or early departure can substantially affect the student's ability to master the knowledge and skill objectives for satisfactory completion of the course. Consistent absence will affect the final grade thereby affecting the cumulative grade point average and putting the student at risk of falling below satisfactory progress standards. In addition to affecting the professionalism grade, there are also absolute limits for failing to attend. An absence accompanied by the documentation listed below may be considered excused and is not required to be made up for the course. Excused absences may not exceed 20% of the total course hours. All absences beyond the first 20% are considered unexcused regardless of reason or documentation. Since successful completion of Externship requires completion of all assigned hours, all time absent from the scheduled Externship hours must be made-up.

The following documented absences will be considered on appeal for excused absences in calculating final course "module" attendance:

- Mandated legal appointment
- Court appearance with subpoena provided
- Probation appointment with a letter from probation officer provided
- Jury duty with summons provided
- Military duty with a copy of orders provided
- Illness (self or family) with doctor's note containing an original signature. Students should understand that non-illness appointments (preventive visits, follow-ups, well-baby, etc.) are typically expected by employers to be made outside of work hours and therefore Access Careers suggests the student do the same while in school
- Agency caseworker appointment with a letter from caseworker
- Bereavement accompanied with an obituary or death certificate

Permission to make-up the time exceeding the 20% limit is determined in consultation with the instructor with final approval from the Director of Education. Any further incidents of missed class will result in failure of the course.

In rare cases, instructors may recommend additional make-up work or passing a student who has failed to meet the attendance requirement if there are extenuating circumstances involved and the student otherwise meets the academic requirements for passing the course. The School Director must agree to the exception. Good attendance and timeliness are important workplace skills and are crucial to educational programs with a strong hands-on, practical component. Students are made aware of these policies at orientation and on the first day of all classes.

Late arrival, early departure and lateness returning from breaks are also incorporated into the cumulative absence and can result in a possible course failure. Tardiness or leaving class prior to dismissal will result in that time being considered absent to the nearest quarter-hour following the lateness or the preceding quarter-hour for leaving early. Continued lack of attendance may result in further disciplinary action including suspension or dismissal as a violation of the school's standards of conduct. The Director of Education and School President will make the dismissal decision based upon recommendations from the instructor and department chair.

Students who are absent 14 consecutive calendar days in any course will be considered to have withdrawn from the course unless the student has contacted the school during this period of absence to indicate their intention to return.

MAKE-UP WORK:

Classroom work missed because of an absence can be made up through arrangement with the Instructor and the School Director. The student is responsible for initiating any request to make up work missed because of class absence. Make-up work, however, does not remove an absence. Absences exceeding more than 20% of instructional hours must be made up in supervised work, documented by faculty, in order for the student to receive credit. Attendance at make-up sessions will be permanently recorded in an attendance register maintained by the instructor.

LEAVE OF ABSENCE:

Students requesting a Leave of Absence (LOA), must do so in writing, in advance, using the LOA Request Form available from the Director of Education or Registrar. LOA's may not exceed 180 days in length within any 12-month period for any reason. Each request will be evaluated on an individual basis. Students must be in good academic standing to be eligible to apply for a Leave of Absence. Students must be current on their monthly payment plan, as appropriate, and continue making any regularly scheduled tuition payments during the time that they are on an approved Leave of Absence. In all cases, appropriate documentation justifying the LOA will be required. Students must complete an exit interview with the Financial Aid department prior to starting their approved LOA and will not accrue any additional charges while on LOA. A student returning from LOA must be evaluated by the campus before returning and will only be allowed to return to the program at the beginning of the module. Students who do not return from the LOA on the scheduled return date indicated on The LOA Request Form will be automatically withdrawn from the school effective that date and will be charged as outlined in the refund policy described in the school catalog and Enrollment Agreement.

WITHDRAWAL & DISMISSAL:

The school reserves the right to terminate a student for any of the following reasons:

- Unsatisfactory progress, attendance or behavior
- Noncompliance with rules & regulations of the institution
- Tuition Delinquency

In such an event, Access Careers will inform the student in writing of the effective date of expulsion. Tuition that results in an overpayment will be refunded within 30 days. If a student withdraws before a module ends without appropriate documentation, then all work done during that module is lost. Course credit and grades are given only for completed modules. The failure of a student to notify the director in writing of withdrawal may delay refund of tuition due pursuant to Section 5002 of the Education Law.

SATISFACTORY ACADEMIC PROGRESS (SAP)

PROCESS AND OVERVIEW:

All students enrolled at Access Careers must be in good academic standing and must maintain satisfactory Progress toward graduation. A student must maintain a specific grade point average, good attendance, and proceed through his/her program of study in a specified time frame not to exceed 1.5 times the published length of the program. In order to continue as a student at Access Careers and in order to continue receiving financial assistance, it is required that students make SAP toward completion of their program of study. All students must maintain SAP according to the following standards in order to continue enrollment. SAP is measured at the end of each payment period, and will be checked prior to disbursement of aid.

TIME / PACE MEASURE OF SATISFACTORY ACADEMIC PROGRESS (SAP):

The school's satisfactory academic progress policies must contain a Pace measure. The policy defines the pace that our students must progress to ensure educational program completion within the maximum timeframe of 150%. For clock hour schools, the maximum time frame is no longer than 150% of the published length of the educational program as measured in the cumulative number of clock hours the student is required to complete.

For Example:

Diploma	Normal Program Timeframe	Maximum Program Timeframe
Medical Assistant	39 weeks	59 weeks
Network Specialist	39 weeks	59 weeks
Programming Specialist	39 weeks	59 weeks
ESL (Full Program)	36 weeks	54 weeks
Nursing Assistant (CNA)	6 weeks	9 weeks
Patient Care Technician (PCT)	10 weeks	15 weeks
Pharmacy Technician	10 weeks	15 weeks

To calculate PACE take the cumulative number of hours the student successfully completed divided by the cumulative number of hours the student attempted. So if we take a clock hour school with a 900 hour program, at the end of each payment period the student is expected to have attempted 450 hours and completed 450 hours to complete the program within the allotted normal time frame of 39 weeks. If the student only completed successfully 300 hours we would divide 300 by 450 or 67%. Based on this, we must determine if a student could complete the program within 150% of the time allotted for the program, or 59 weeks. The student has 20 weeks remaining and could complete the remaining 600 hours within the time frame. So the student is making satisfactory pace progress.

The students who have failed to meet the Pace standards are placed first on Financial Aid Warning; if no improvement over the next payment period, they may appeal the decision and be placed on financial aid probation. The Director of Financial Aid in coordination with the Director at Office of Academic Affairs monitors Pace progress.

QUALITATIVE MEASURE OF SATISFACTORY ACADEMIC PROGRESS (SAP):

The Access Careers financial aid office receives quantitative information about Title IV recipients from the Academic Counselor. The quantitative SAP is reviewed manually and a copy of the latest transcript is kept on student file. The office of financial aid notifies students in writing their progress or lack of progress at the end of each payment period.

Grading System

Written examinations (midterm/final), seminars, quizzes, Class participation and practical training will evaluate the competencies taught in the programs offered at Access Careers. The minimal grade for graduation is 77%. Students who achieve lower than 77%, but who have not failed the program/course may participate in private tutoring or independent study in order to increase their grade point average.

Description	Grade Points	Letter Equivalent	Grading Scale
Excellent	4.0	A+	96-100%
Excellent	3.8	A	91-95%
Very Good	3.5	A-	86-90%
Good	3.0	B+	81-85%
Good	2.5	B	76-80%
Satisfactory	2.0	C+	71-75%
Satisfactory	1.5	C	66-70%
Pass	1.0	D	60-65%
Failure	0	F	0-59%
Incomplete	0	I	

GRADES

- Courses with grades of “I” (Incomplete) will be considered as credit or clock hours attempted but not completed. Incomplete courses do not influence the CGPA until they are completed. Courses assigned the letter grade of “I” are counted in the maximum timeframe. Incomplete courses must be completed within 7 calendar days of the course end date or the grade posted for the course will be calculated with the incomplete work having zero value grades. The Director of Education may extend this time limit at their discretion upon receipt of a written appeal by the student.
- Repeated Courses Classes for which the student received a failure grade (F, AF, and Fail) may be repeated one time. Repeated course work may change a student’s cumulative grade point average since the most recent grade received for a course will be used in this calculation. Repeated course work will be counted toward the number of clock hours attempted by a student for calculating cumulative maximum time frame.
- Withdrawal from a Course. A student who withdraws from a course and receives a “W” in the course will have that course counted in the Pace Component of Academic Progress of the course for a second time will result in dismissal from the program.

SAP EVALUATIONS INCREMENTS:

To ensure the student is making sufficient progress both quantitatively and qualitatively, the student’s academic progress will be evaluated at every 33.33% of the completion of the program. For example, medical assistant is a 900 hour program. The SAP evaluation for the student enrolled into the medical assistant program will be held at the end of every 300 hours increment.

ACADEMIC PROBATION

Students who do not maintain satisfactory progress by either failure to maintain an adequate GPA or course completion percentage (cumulative maximum timeframe) at the designated assessment points will be placed on academic probation until the next assessment point. If the student on academic probation achieves the minimum standard of satisfactory progress for the subsequent period the student will be removed from probation.

If the student on probation fails to achieve satisfactory progress for the program at the next assessment period, he or she will be dismissed from the program. When a student is placed on academic probation, the student will be required to communicate with the Director of Education prior to returning to class. The Director of Education will inform the student of the date, action taken, and terms of the probation. This information will be indicated on a Student Advisory and placed in the appropriate permanent student's record.

FINANCIAL AID WARNING:

The school evaluates Satisfactory Academic Progress at the end of each payment period. If a student falls below a 2.0 GPA or if the student is not completing the required amount of hours/credits to keep Pace with the requirements for graduation within the 150% time frame; the student will be placed on financial aid warning for one payment period. If they are still not meeting SAP at the end of the warning period, the student maybe placed on Financial Aid Probation. (See "Financial Aid Probation" below.) A student who is put on a Financial Aid Warning can continue to receive Title IV aid for the next payment period after they receive the warning status. The status will be conferred automatically without the student appealing their SAP status.

If the student does not make SAP at the end of the financial aid warning period, they lose their financial aid eligibility. The student has the opportunity to have their financial aid eligibility reinstated by appealing the decision and being placed on Financial Aid Probation.

GRADUATION REQUIREMENTS:

Candidates for graduation must:

- Successfully complete all courses and credits required for the program
- Earn a cumulative grade point average of at least 2.0
- Complete all competency and skill performance testing required for the program
- Attend any required graduation meeting(s) and seminars for Career Services
- Attend exit interview(s) conducted by the Financial Aid Director if the student has utilized student loans
- Attend exit interview with the Career Services office and submit an approved resume and cover letter
- Be current in all payments owed to the School.

Students will earn a diploma upon meeting the graduation requirements.

MITIGATING CIRCUMSTANCES:

If a student on probation fails to achieve satisfactory progress for the program at the next assessment period, the student may appeal for an extension of probation for one additional grading period in order to achieve the minimum standard. The Campus President of the campus may waive the Standards of Satisfactory Progress for circumstances of personal illness, unusual family responsibilities, military service, or other significant occurrence outside the control of the student for an additional period. These circumstances must be documented by the student to demonstrate that the cited circumstances have had an adverse impact on their performance.

In order to qualify for extended probation, the student must have less than 50% of their total program (in clock hours or credits) remaining for completion. No waivers will be provided for graduation requirements. Students are advised to refer to the section of the catalog concerning appeals for more information on the process.

If the appeal is granted and the student achieves the standard, the student will be removed from Extended Probation status, if not the student will be dismissed from the program. The student may remain eligible for financial aid during

the period of extended probation. In order for the extension to be approved, the conditions of Satisfactory Academic Progress must be possible and must be met at the completion of the additional period.

Approval of the extended probation and the student's eligibility to receive aid is dependent upon the submission of an appeal, which describes the reasons for the failure and an explanation as to what has changed in the student's situation that would allow the student to demonstrate SAP at the next evaluation, as well as submission and acceptance of an Academic Plan developed and agreed upon by the student and the relevant departments of the institution (i.e. Education, Externship, Career Services, Financial Aid, Business Office). Should the student not achieve the minimum standards by the end of the extended period, the student will be dismissed without further opportunity for appeal.

STUDENT APPEAL PROCEDURES:

A student, who wished to appeal a disciplinary action and/or decision made in reference to the Satisfactory Academic Progress policy, must submit a typed letter to the Program Director within five (5) days from the date of the decision was made. This letter must contain information about the student's reason regarding the action and/or decision and reasons why the student is wishing to appeal. Students must provide supportive documentation along with their letter in order to support their position and any mitigating circumstances that may have existed. The Program Director will hear any student who disagrees with a SAP decision, on an appointment basis only.

The student will be notified of the Directors decision within fifteen (15) business days following the receipt of the student's appeal letter, additional time may be taken to thoroughly review student's appeal. A student, who wishes to appeal any SAP decision made by the Director, must submit a typed letter to the President with supportive documentation explaining the reason why the student is wishing to appeal the decision. The President will notify the student within fifteen (15) business days of the receipt of the letter, additional time may be taken to thoroughly review student's appeal. The Presidents decision shall be final.

REINSTATEMENT:

A prior student requesting to be reinstated as an active student, based on whatever reasons or circumstances, should do so in writing. Supportive documentation and/or information concerning any mitigating circumstances should be noted in the request. The requesting prior student shall be notified of the Reinstatement Review within 5 days for short programs and 30 days for long program following the decision of School Director.

REFUND POLICY AND CANCELLATION POLICY

CANCELLATIONS AND REFUND POLICIES:

The institution's policy on refunds is appropriate according to standards. These standards measure equivalent in the state's standards, which we are following. Students must read and sign an agreement prior to registration the Institution's refund policy is published in the catalog and uniformly administered:

- Students may cancel the Enrollment Agreement at any time prior to the start of classes,
- All payments made to the school will be refunded in full within 30 days except for the non refundable application fee if written notice has been provided to the school by the student or from the date the institute may terminate the student or determine withdrawal by the students.

All moneys will be returned except for the non-refundable fee. The non-refundable registration fee will not exceed \$100.00 for any given program. Thereafter a student will be liable for: Non refundable registration fee plus, the cost of any textbooks or supplies issued and accepted by the student, plus Tuition liability as of the student's last date of physical attendance. Total Tuition liability is limited to the one quarter in which the student withdrew or was terminated.

Return of Title IV Funds

In accordance with the Higher Education Amendments of 1998, Public Law 105-244 (the Amendments of 1998) the amount of Title IV Program Assistance earned is based on the amount of time the student spends in academic attendance and bears no relationship to the student's incurred institutional charges.

If a student formally or informally withdraws prior to completion of his or her program of study, federal law requires the school to determine how much Title IV federal financial aid was earned by the student and whether any portion of aid awarded must be returned by the student and the school. If you withdraw or plan to withdraw, you should notify your career advisor.

Access Careers will calculate the amount of Title IV aid that you have earned based on a payment period. Refunds will continue to be calculated by the enrollment period. The student will be obligated for any tuition, fees, books, or equipment not covered by Title IV funds. Whether a student is entitled to a refund of funds paid from sources other than Title IV aid is determined by the point in the enrollment period at which the student withdraws or drops out.

When you withdraw during a payment period, the amount of FA assistance that you have earned up to that point is determined by a specific formula. If you have received (or the school received on your behalf) less assistance than the amount that you earned for the payment period, you will be able to receive those additional funds. If you have received more assistance than you have earned, the excess funds must be returned.

Determination of Withdrawal:

Up through the 60% attendance point in each payment period or period of enrollment, a pro rata schedule is used to determine the amount of Title IV funds the student has earned at the time of withdrawal. After the 60% point in the payment period or period of enrollment has been attained, a student has earned 100% of the Title IV funds.

Once Access Careers has determined that a student has withdrawn, the last day of recorded attendance or academically related activity, is used to determine the amount of Title IV funds the student has earned. If a student who provides official notification in writing to the Registrar, the date of Access determination would be the same as the student's written notification. For a student who withdraws without providing official notification to the school, Access will determine the withdrawal date no later than after 14 calendar days of non-attendance. The amount of Title IV funds earned by the student will be based on the last day of recorded attendance.

- Access Careers will return the amount of Title IV funds for which it is responsible no later than 45 calendar days after the date of determination of withdrawal. Post-Withdrawal disbursement of Grant Funds disbursed directly to the student ASAP, but no later than 45 calendar days after date of determination.

The change to the law makes clear that Title IV funds are awarded to a student under the assumption that the student will attend school for the entire period for which the financial assistance was awarded. If a student withdraws, the student may no longer be eligible for the full amount of Title IV funds that the student was originally awarded to receive. Withdrawn student may return to same program within 180 calendar days. Student eligible for any Title IV funds for which eligible prior to withdrawal.

In accordance with Federal regulations, Title IV funds will be returned using the following allocation priority:

- ❖ Unsubsidized Federal Direct Loans
- ❖ Subsidized Federal Direct Loans
- ❖ Federal Direct PLUS Loans
- ❖ Federal Pell Grants
- ❖ Federal Supplement Educational Opportunity Grant
- ❖ Other Title IV assistance
- ❖ State Tuition Assistance Grants (if applicable)
- ❖ Private and institutional aid
- ❖ The student

New York State Cancellation and Refund Policies:

1. A student who cancels after signing the enrollment agreement receives all funds paid with the exception of the non-refundable registration fee which cannot exceed \$100, provided it is done prior to or during the first week of instruction.

2. Thereafter, a student will be liable for:

- a) The non-refundable registration fee plus
- b) The cost of any textbooks or supplies accepted plus
- c) Tuition liability as of the student's last date of physical attendance.
